16. ABSTRACT (A 200-word or less factual summary of most significant information. If document includes a significant bibliography or literature survey, mention it here.)  The published output of NBS for 1966 through 1976 is cataloged and indexed in this two-volume publication. Parts 1 and 2 of Volume 1 consist of reprints of abstracts and full citations of all published papers during the 11-year period as they originally appeared in the NBS annual publication catalogs - NBS SP 305 and its Supplements 1 through 8. Volume 2 is a consolidated permuted key word index which directs the researcher of NBS literature either to the citations and abstracts of Volume 1 or to the same information in the nine annual catalogs issued during the 11-year period. Annual supplements to SP 305 will continue to update the NBS published output; the 1977 supplement is now available as NBS SP 305, Supplement 9.  Complete catalogs available in two volumes, 2 parts each as follows:  SP 535, Volume 1 (2 parts), order as Stock No. SN003-003-02010-9, price \$23.75  SP 535, Volume 2 (2 parts), order as Stock No. SN003-003-02011-7, price \$21.25
